About the College:

Dr. Madhukarrao Wasnik P.W.S. Arts and Commerce College is one of the oldest institutions in Nagpur celebrated its Golden Jubilee of foundation in the year 2018. It is accredited B+ by NAAC, Bangalore in its third cycle. Under the able guidance of Chairman Dr. Madukarraoji Wasnik, the institution has grown up into a multi-faculty college with the strength of over 5000 in Jr., UG and PG and catering to the higher educational needs of the weaker sections of the society in this region. College is running UGC Sponsored Dr. Ambedkar and Buddhist Studies and six Research Centres for Ph.D. research recognized by RTM Nagpur University, Nagpur in Marathi, Hindi, English, Palli, Economics and Commerce.

About the International Webinar & Concept Note:

The corona virus outbreak, COVID -19 Pandemic is hyperphysical and unexpectedly brought problems to the already paralyzed Indian Economy. Covid-19 have not only affected the human life but also all sectors of economy and commerce. India is already facing the unemployment crisis and during the lockdown period millions of hands have become workless and more than 12 crore 20 lac people have been left unemployed. According to the CMIE this is the highest level unemployment rate. In India, after unorganized sector, corporate sector, start-ups, small and medium industries have alerted in job cuts, thus massive unemployment will increase in the near future. MSMEs , consumer goods product companies , transport sector, FMCG, real estate sector also are deeply affected with this crisis. This Pandemic will affect the lifestyle of society in years to come.

More so ever, the most affected sections of society are the marginalised people who are starving and forced to migrate back to their villages, mostly on foot. The number of migrant workers is huge, therefore, accommodating them back to their native places without works would be a problem. Dropping them to their villages by road transport is perhaps not the solution and now the government needs to think about some concrete policies and packages to rehabilitate them back as an immediate measure.

This webinar is a small initiative to interrogate the Covid- 19 Pandemic and It's Impact on Indian Economy and marginalised sections.
