7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

College was established by the then backward community youths inspired by the Life Mission and Works of Dr. Babasaheb Ambedkar. It was the time when there were no higher educational institutes available here in the periphery of ten kilometers. Establishment of PWS College enhanced the chances of backward community students and especially girls to reach the higher education. The Vision, Mission and objectives clearly indicates college policy towards teaching and learning in the college campus.

The main mission of the institution is to provide access to higher education to the marginalized sections of society of the surrounding areas, irrespective of caste, creed and gender. The college provides ample opportunities particularly to the weaker sections and economically backward classes. The college provides necessary infrastructural and other facilities to ensure that the stated objectives of the curriculum are achieved.

The majority of the students are come from socio-economically weaker sections in the north part of the Nagpur. Since college has a very easy process of admission and favourable conditions for the backward community students in the light of scholarships, free-ships and low admission fees, it attracts a large number of students in this region.
