Excellent

B A

During the academic year the clg has taken a huge amount of fees from the students but no proper study material and classes were conducted during the pandemic other than english subject. no proper guidance was given from the subject teachers. The staff only helped the students from marathi and hindi medium. There was no help for the english medium students not even a single issue was cleared for them they passed the whole session by their own.. Only the english department were helpful. I was regretting to pay this much amount to the clg for my selfstudy. Thats very poor 🙄🙄

Very good staff

Yes

That's fantastic improvement

Regular classes, regular examination should conduct and if any of student didn't attend it he should be punished in order to make them discipline.

Exams are for testing your understanding of what has been covered in the semester. Grades are a measurement of your understanding. So, whether you are studying in School or College, grades are important.

No suggestions everything is good

College should be give students extra time to solve questions.

Clean classrooms

Update the toilet and bathroom

Change the tichers

On improvement

Service best

College premises is not clean.

Today sports are the most important, so the college should improve the sports ground.

System

Should keep toilet and washroom clean

Improve washrooms

All lecturers should take online classes

All lecturers should take online classes.

Those who are taking online lectures and in YouTube, it is very good and helpful.

Good condition, my parents like our college functioning.

overall college is good. so I have no suggestions.

Improve security

Clean washroom first

PWS College

Timing

Pls maintain the hygiene in the clg premises and corridors. And the clg needs a good staff for english medium. Also the H.O.D of economics is not able to interact with the student of english department and never provided any source of help. Either tells them to cope up to study and translate into english whatever she teaches in marathi.

Everything is good

improvement in college that's good

As I am a student of English medium .I found that as English medium is nongranted in pws college sufficient staff for English medium isn't available , students have to arrange their notes on their own(excluding some subjects only).please make staff available and have checks and balances on them in order to provide regular classes.

While some colleges opt for more lavish perks, choosing to invest time and effort in constructing plush, upscale amenities (like building a lazy river), there are just as many who choose to invest in more practical campus facility upgrades.

Nothing

Toilets/washrooms

They should be go picnic with students

Over all is very good and helpful staff

It will be very helpful for ma history English medium students that we get proper notes and sources for the learning.

Kindly motivate students give them extra knowledge , information regarding various new fields.

Everything good

Please provide notes and books / novels for literature so we can

Normaly improve

labarary book not available, ground very dust, teacher,staff koe bhi dhayan nhi deta for education par , future gaidence nhi deta koe very bad improvement , computer class not available ,any important work not staff present . very bad please improvement his needed .

B SC u in rjk

Nice

Keep the campus ground clean.

Increase parking.

Improve Campus mail service with smart parcel locker.

Go green.

Increase Sports ground.

Clean collage area, arrange parents and students sitting area in enterence.

College was good and

Every teachers also good

Always cleaned clg

Regular online classes should be taken.Course material should be provided on time.

Introduction: It is the Practice in our college to obtain feedback from the students by the students feedback committee about office staff, library facilities, infrastructure, teaching-learning process, examination-related services, and overall mentoring for the holistic development of the college and students. The survey conducted with the aimed to appraise the satisfaction level of students in the academic year 2021-22.

Methodology: The survey was conducted through an online questionnaire, and the feedback was collected anonymously from the students. The questionnaire was designed with a mix of objective and subjective questions. The data collected from the questionnaire was analysed and presented in the form of tables, graphs, and percentages.

Findings: The survey findings revealed that the office staff and library staff were cooperative and helpful. The online educational resources were available and accessible through the Network Resource Centre. The internet facility provided in the library was satisfactory, and the prescribed books/reading materials were available in the library.

The equipments/computers in the labs were in good working condition, and the internet facility in the labs and Wi-Fi facility was available in the college campus. The college promoted ICT-based teaching-learning, and various notices and results were displayed by the college. Separate common rooms for girls and boys were available, and the toilets/washrooms were clean and properly maintained. The classrooms and labs were clean and well-maintained, and the campus was green and eco-friendly. Clean drinking water was available in the college campus, and the college building/classrooms were accessible to disabled persons. The campus had adequate power supply (generator, inverters, etc.). The functioning of the Placement cell in the college is satisfactory because the college took continuous efforts to improve the quality of teaching-learning and strengthen its ties with industries, professional bodies, etc. The College were promoting students exchange, internship etc. programmes for providing new opportunities to students.

The survey revealed that the mentoring process of the college helped the students to identify their strengths and face challenges. The overall teaching and mentoring process of the college was excellent, and the students were satisfied with it.

Regarding the pandemic situation, the students were asked about their experience with online classes during the lockdown period. The majority of students agreed that the study material and MCQ based question bank uploaded to the college website were helpful. The Youtube teaching tutorial videos for BA and MA were found to be useful by a significant number of students. The information related to examinations was provided on time through the website and various WhatsApp groups, as per the responses of the majority of students. However, there were mixed responses regarding the back papers examination (Summer 2020, Winter 2020 & Summer 2021) conducted by the college during the pandemic.

Conclusion: Overall, the survey results indicated that the students were satisfied with the facilities and services provided by the college. The college should continue to improve the teaching-learning process and infrastructure further. The college should also consider the mixed responses regarding the back papers examination conducted during the pandemic and take necessary measures to address the issues raised by the students.
