Annual Report (2021-2022)

Women's Grievance Redressal Committee at college level has been functioning since January 2015-16 under the implementation of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 as per Vishakha guidelines given by the Supreme Court. Due to the participation and cooperation of women in every field, the committee is working as per the instructions of the government to ensure that women get a nurturing, safe and fear-free environment at the workplace. In the Academic Session 2021-2022 dated 12/08/2021 & 20/01/2022 notice were issued for women employees that anyone who faces any kind of sexual harassment in the work area should report to the committee in writing. Due to lockdown, notices for girls students were not issued.

The committee will act on it as per the procedure of the committee. But no one has received any complaint in this session. The committee is aware of this and also asking orally apart from notices the women employees and girls students regarding this. Efforts are being made by the Principal, Professors and Non-teaching staff to keep the environment of the college healthy and safe for the students as well as the women employees.
